

Storage meets intelligence

Competence centers

One face

voestalpine

ONE STEP AHEAD.

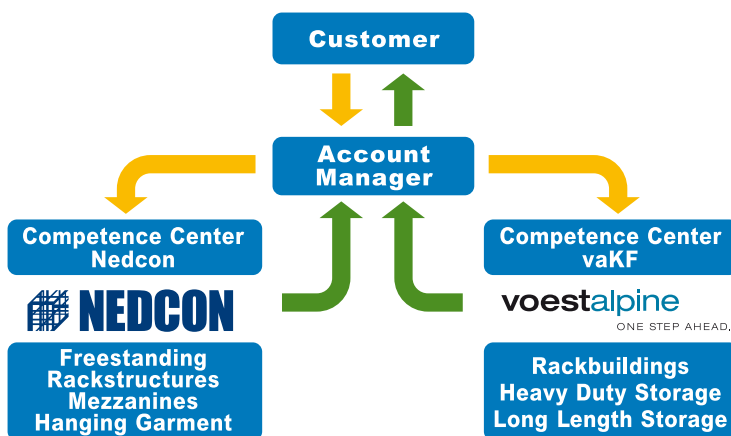

Since 2004 Nedcon is part of the voestalpine Group. Fifteen years earlier this global player in steel and steel processing industries had already established the racking specialist Finaltechnik. In the past years Nedcon and Finaltechnik studied the best that both companies had to offer and have learned a great deal from each other. Focused on one goal: to become an even better partner for our customers.

The cooperation led to many possibilities for improvement and many have been put to practice. This is why we now feel it is time to take another step and combine our forces in what we call: "One Face to the Customer".

entire spectrum that Nedcon and Finaltechnik have to offer: "one Face to the Customer"!

Competence Centers

In this new setup both companies fully devote their resources to their own specialties and as such support your contact person. Finaltechnik will be focusing on rack buildings and Nedcon on free standing solutions. Closely supported by the two experienced teams of engineers at both companies your advantage is crystal clear: you are guaranteed to get the best storage solution! This new setup makes you the centre of our attention and will let you benefit the most from the Nedcon-Finaltechnik cooperation. Our combined efforts will be based on three pillars:

Two companies, one face

Both Nedcon and Finaltechnik have developed their own competences over the years. Consequently both our companies acted separately on the same markets. For two companies that have become standard-bearers in efficiency and after 5 years of ever intensifying cooperation this offered an excellent opportunity for improvement. From now on you will have a single dedicated point of contact to tap into the

Full rack program

From light archive racking to heavy duty rack buildings

Worldwide support

In cooperation with sister companies from all over the world

Financial strength

As part of the voestalpine Profilform Division

Full rack program

Every storage solution is just one phone call away. Your account manager represents both companies. Be it small archive rack or the gigantic rack building, with the Nedcon-Finaltechnik combination you will find the know-how, capability and the experience. And whether it is just down the street or on the other side of the globe; we can supply you with any type of racking, anywhere in the world.

Worldwide support

Nedcon and Finaltechnik have many well established footholds in both Europe and North America. In addition being part of the voestalpine group with its global presence, represented worldwide by more than 360 production and sales companies in more than 60 countries, we can begin to see how quickly our support can be attained. This means that local expertise and experience is available to the group. With Nedcon and Finaltechnik you are in good hands.

Financial strength

And also concerning financial security your business is safe with us. As a partner in many big and complex projects all over the world Nedcon and Finaltechnik understand how important it is to have this security. With project realization stages taking months at a time and the financial liquidation taking many more, it is crucial to our partners to know they have a solid partner at their side. In the past Nedcon and Finaltechnik have never shamed this trust. Being a part of the European industrial leader in customized high-quality and high-tech steel products and solutions, provides the right financial background for Nedcon / Finaltechnik to take on complex and challenging projects.

This unique combination of features makes Nedcon-Finaltechnik your ideal partner as the only worldwide operating independent total supplier of Storage Solutions.

Nedcon and Finaltechnik are convinced that with "One Face to the Customer" we have introduced a new dimension to being customer

focused. We put your interests first and no matter the location, warehouse management system, choice of automated crane or any other equipment; you don't have to worry about the effectiveness of your racking. Our combined knowhow guarantees the highest possible integrated concept that can meet with all your requirements and demands.

With Nedcon and Finaltechnik every challenge finds its solution.
